FAE031

**Caps for FAE030 &
FAE040**

FAE031 caps are used in collector flanges for stand aspiration.

www.jbctools.com

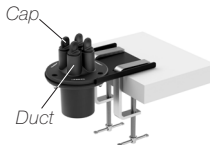

Features

The caps are used in FAE030 and FAE040 collector flanges when its fume inlet ducts are not connected. This prevents unwanted particles from entering the ducts.

FAE030

Collector Flange for
Stand Aspiration Ducts

FAE040

Collector Flange with Clamp
for Stand Aspiration Ducts

Replacement

Unscrew the worn caps
(counterclockwise) and screw in
the new ones (clockwise).
